

SURVEILLANCE - Continued

observes Mrs. Smith begin to push the fully loaded cart up an inclined ramp. As Mr. Smith proceeds up the ramp with the cart, his upright position begins to tilt forward substantially, indicating that the cart is relatively heavy. Mr. Smith re-enters the building through a loading door.

10:00 a.m. NO ACTIVITY

10:15 a.m. Investigator observes Mr. Smith (carrying two large boxes) exit the rear loading door of Crocket Sports Warehouse. Investigator observes Mr. Smith proceed down the incline without straining or appearing to have any trouble. Investigator observes Mr. Smith proceed towards the red 2004 Dodge Ram Pickup. Investigator observes Mr. Smith throw both boxes into the truck bed and enter the vehicle.

10:17 p.m. Investigator observes Mr. Smith exit the red 2004 Dodge Ram Pickup and proceed towards the rear of the vehicle. Investigator observes Mr. Smith begin to look closely at the rear driver's side tire of the vehicle (it appears to be low). Investigator observes Mr. Smith kick the tire hard several times. Investigator observes Mr. Smith bend down low on his knees and stick an air pressure tire gauge into the tire. Investigator observes Mr. Smith in this position for approximately thirty seconds. Investigator observes Mr. Smith kick the tire one more time and remove some tools from inside the truck bed of the vehicle. Investigator observes Mr. Smith sit down on the ground and slide the jack underneath the vehicle. Investigator observes Mr. Smith hunched over begin to turn the jack with his right arm. The vehicle slowly rises and Mr. Smith switches hands, beginning to turn the jack with his left hand. Investigator observes the vehicle is fully raised and Mr. Smith stands up. Mr. Smith removes a spare tire from the truck bed of his vehicle, reaching and pulling the spare tire over the side of the truck with his left arm. Investigator observes Mr. Smith bend down low on his knees and begin to remove the deflated tire from the vehicle with a tire iron using both arms. Investigator observes that Mr. Smith is turning the tire iron very quickly. Investigator observes Mr. Smith at one point stand up and step on the tire iron several times, leaning in with his legs

SURVEILLANCE - Continued

and using his body weight to turn the tire iron. Mr. Smith removes the lug nuts and the deflated tire from the vehicle, throws the deflated tire over his head and into the truck bed, and places the spare tire onto the axel. Investigator observes Mr. Smith tightening the tire lug nuts back onto the axel so hard that the vehicle shakes momentarily. Investigator observes Mr. Smith lower the jack, place the tools back into the truck bed, and re-enter the vehicle.

- 10:40 a.m. Investigator observes the red 2004 Dodge Ram Pickup exit its parking space and depart the area. Investigator initiates mobile vehicle surveillance of the vehicle.
- 10:51 a.m. Investigator observes the red 2004 Dodge Ram Pickup enter and park in the parking lot designated for the Whataburger restaurant located at 15672 Chamberlain in Houston, TX 77007. Investigator observes Mr. Smith exit the vehicle and enter the restaurant. Investigator establishes stationary vehicle surveillance with a view of the entrance/exit of the restaurant.
- 11:00 a.m. Investigator observes Mr. Smith exit Whataburger (carrying a takeout bag) and enter the red 2004 Dodge Ram Pickup. Investigator observes the vehicle exit its parking space and depart the area. Investigator initiates mobile vehicle surveillance of the vehicle.
- 11:15 a.m. Investigator observes the red 2004 Dodge Ram Pickup return to and park in the driveway of the Smith residence. Investigator observes Mr. Smith (carrying a takeout bag) exit the vehicle and enter the residence. Investigator establishes stationary vehicle surveillance with a view of the entrance/exit of the residence.
- 12:00 p.m. Investigator terminates surveillance and departs the area.
